

Fount 554 AR Pure

Universal sheetfed fountain solution for IPA-free printing, with built-in Pure™ Technology

Key Benefits

- strongly reduces or eliminates the need for IPA
- fast start-up for minimum paper waste
- built-in Pure technology, prevents biogrowth and is entirely biodegradable and harmless to the user
- excellent print and colour stability, also for high-speed presses
- can be used for any type of water

Properties

- corrosion inhibited, matching OEM directives
- suitable for conventional, UV or hybrid ink

Application

- assure correct dosage of the advised concentration
- for use with RO water, stabilise the water first with Saphira Water Conditioner
- for cleaning the dampening circuit, use Saphira System Cleaner regularly
- replace fountain solution filters weekly
